

Emitremmus Desrever - Provisional Result

More than 300 cyclists enjoyed Emitremmus and Emit Lite this year. Here is the provisional result for the 100K ride.

228 started the 100K and 227 finished but there concerns about a few who did not check in at every control.

If you rode please can you check the list. Are your details including any club or Cycling UK membership correct please?

Are you missing from the list? Please tell us by 14th November if you think you should be included. Conversely if you think you should not be there let us know! There is a separate list of Lite riders.
