

# Emit Lite - Provisional Result

More than 300 cyclists enjoyed Emitremmus and Emit Lite this year. Here is the provisional result for the Lite ride.

84 started the Lite and 73 finished. Most of those who did not finish did not check in at the controls.

If you rode please can you check the list. Are your details including any club or Cycling UK membership correct please?

Are you missing from the list? Please tell us by 6th November if you think you should be included. Conversely if you think you should not be there let us know! There will be a separate list of 100K riders.
